**Minutes submitted by:** Angie Beauchamp

1. Meeting Began at 10:36am. There was no agenda.
2. President's Report
  - a. Parking email was supposed to be a draft and sent accidentally. It was rescinded but will likely be the plan once the president makes an announcement.
  - b. Return to work process will likely be staggered and flexible, allowing those to work from home if they are able. For those who cannot return to work, they must first use all of their leave, then FMLA. UNM will provide masks and gloves for public facing staff. Cleaning protocols will be put in place. Some hallways may be made one way. Classes for fall will likely be hybrid models.
  - c. There have been two precinct election candidates who have left the university. This issue has been referred to the R&E committee.
  - d. UNM is not giving up on a compensation increase, but it may be 1%, rather than 4%.
3. President Elect's Report
  - a. The Strategic Plan will be ready for consideration in June, as will the Sustainability Resolution. Most goals of the Strategic Plan will be committee based. Suggestion to use the quarterly committee chair meeting to discuss progress and give guidance. The Council could review the plan once a year.
4. Treasurer's Report
  - a. Question about the faculty's letter of support for Africana Studies. Armando will report on this after the Diversity Council meeting tomorrow.
5. Adjourn: 12:02
